# VehicleLogic Vehicle Vehicle Intelligence

Vehicle Intelligence is the industry benchmark data backbone for tyre, wheel and automotive businesses.

The Vehicle Intelligence data set is relied on daily by 84% of the Australian tyre industry and encompasses all Australian delivered vehicles manufactured since 1990, comprising 105+ vehicle attributes including\*;

- Original Equipment (OE)
   Vehicle Specifications
- 100% Fill Rate on all standard tyre and wheel specifications
- Factory OE tyre options
- Aftermarket tyre and wheel recommendations
- Service interval details
- RRP and vehicle market class details
- Fuel type, engine and drivetrain information

The Vehicle Intelligence library contains high-resolution digital images of all Australian delivered vehicles manufactured since 2000, providing you with side-on photographs across multiple colour spectrums.

## Who profits from Intelligence?

- Tyre and wheel retailers
- Tyre and wheel manufacturers
- Tyre and wheel importers
- Automotive servicing companies
- Automotive point of sale (POS) systems

**Using Vehicle Intelligence.** Capture every sale with razor sharp data

Online - Vehicle Intelligence is the high-performance backbone for your automotive website

**Behind the Counter** - Accurately and efficiently identify customer vehicles

**Stock Control** - Ensure you stock and order accurate inventory, fit for the vehicle application

**Product Exposure** - Match your products to Australia's most widely used vehicle database

**Servicing Quotations** - Build quotes via our integrations with automotive parts providers

For more information about our POS integrations and partners, visit us at **vehiclelogic.com.au** or call on **1800 VLDATA** (1800 853 282)

<sup>\*</sup> For a comprehensive list of attributes, please refer to over page.
