

Product Matching

Conveniently search for tyre and wheel product matches by vehicle or license plate number and tailor the results to your stock on hand.

Product Matching integrates seamlessly with all products on the Vehicle Logic platform:

- **Vehicle Intelligence** - comprehensive vehicle data backbone
- **Lookup** - tyre size and aftermarket wheel options from a single licence plate search
- **Product Integration** - Simple, easy-to-integrate product catalogues from all leading manufacturers

Product Matching pinpoint accurate tyre and wheel data are the benchmark in the industry.

Tyre matches:

- Over 1,500 tyre patterns
- 106 tyre manufacturers
- Over 38,000 Australian vehicle models
- 100% fill rate
- Updated daily

Wheel matches:

- Over 900 wheel styles
- 60 wheel manufacturers
- Over 38,000 Australian vehicle models
- 100% fill rate

All tyre and wheel matches access Vehicle Logic's extensive **Vehicle Intelligence** and **Product Integration** image library. High resolution tyre and wheel images of matched products reduce human error and save time.

Who profits from Product Matching?

- Tyre and wheel retailers
- Tyre and wheel e-commerce sites
