04

Vehicle Logic **Lookup** is a powerful Licence Plate Number (LPN) search engine covering all passenger, light truck, or 4WD vehicles manufactured from 1990 onwards.

Lookup is the industry benchmark LPN search because results are matched and augmented by Australia's most comprehensive vehicle database - Vehicle Logics, **Vehicle Intelligence** - providing:

- Make
- Model
- Series
- Factory Tyre Sizes
- Matching wheels and tyres

These results can be enhanced further with the latest Australian vehicle manufacturers catalogues through **Product Integration**.

As simple as entering a vehicle's licence plate number and state **Lookup** requires minimum input for expansive results eliminating user input error such as vehicle series.

Using **Lookup** to search by LPN efficiently and effectively returns pinpoint accurate results, improving and streamlining the user experience.

Who profits from Lookup?

- Tyre and wheel retailers
- Tyre and wheel e-commerce sites
- Automotive servicing companies
- Automotive point of sale (POS) systems

With **Lookup**, you can be assured of cost optimisation.

In all instances, it operates on a 'pay per request' basis, suited to your bespoke requirements. This is seamlessly achieved through the Vehicle Logic **Lookup** dashboard where you can:

- Manage daily limits and set monthly budgets
- View a detailed breakdown of your usage, including by week
- Download a csv file of your usage log
- View invoices
